

ADVANCED ELECTRONIC COMPONENTS

Passive Components

Coilcraft

www.coilcraft.com

Magnetics for RF, Power, Filter and Data.

EMI/RFI/LC Filters

- Surface Mount /Leaded Components
- Common Mode EMI Chokes
- USB/IEEE Common Mode Filters
- LC, Tip/Ring, Data Filters
- Data Line EMI Chokes

Broadband Magnetics

- xDSL Interface Transformers
- xDSL Filter Modules
- Low/High Pass Filters
- Wideband RF Transformers
- Filter RS/RJ 232 In-Line Connectors
- "PoE Plus" Interface Module/Transformers
- Diplex Filters for DOCSIS
- Broadband Conical Inductors

Power Magnetics

- Surface Mount Inductors
- Surface Mount Coupled Inductors
- Flyback Transformers
- Capacitor Charging Transformers
- Forward-Mode Transformers
- PoE Magnetics
- Isolation Transformers
- Custom Transformers
- IC – Specific Magnetics:
 - Linear Technology
 - National Semi
 - On Semiconductor
 - ST Microelectronics

RF Inductors

- Surface Mount
- Chip Inductors
- "Spring" Air Core Inductors
- Wideband RF Transformers
- RFID Transponder Coils

Leaded

- Tunable Inductors
- Wideband RF Transformers
- Low Pass LC Filters
- Conical Inductors

Critical Products - Hi-Rel

- Magnetics manufactured specially for medical applications and for military/aerospace markets
- RF Chips/Power Inductors
- Filter & Baluns
- Flyback Transformers
- Custom Designs

Phone/Data Line Filters

- Filtered Jacks
- In-Line RS-232 EMI Filter Module

Kits for all Families available from our stock

Passive Components
